EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Todd A. Rattray on July 14, 2010.

The application has been amended as follows:

Claims 47 and 49 have been cancelled as being directed to the non-elected invention of the method.

Claim 59 has been cancelled as still being rejectable over the prior art and not containing allowable subject matter.

Claims 15, 17, 20, 29, 31, 32, 34-40, 56 have been reinstated as active and not withdrawn claims.

The following is an examiner's statement of reasons for allowance:

Steeler does not disclose or suggest the particulars of the "deformable portion" recited in claim 1. More particularly, Steeler fails to teach or suggest "each leg comprising a deformable portion located between the web and a distal edge of the leg; wherein each deformable portion is bent along four or more longitudinally-extending bend lines to form four or more corresponding bends and each of the bends is at least one of: Compressible to reduce its interior angle and expandable to increase its exterior angle."

Andrews, Paradis and Simon, alone and in combination, fail to remedy this deficiency.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jeanette E. Chapman whose telephone number is 571-272-6841. The examiner can normally be reached on monday-friday, 9:00am-5:00pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, DAVID DUNN can be reached on 571-272-6670. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
